

The century-old swing bridge in Little Current still swings every hour for 15 minutes to let the boats make the passage between Georgian Bay and the world-famous sailing destination found in the North Channel. Northern Ontario is so quiet you can hear the bird's wings while cycling along our quiet country roads. Everything moves at a leisurely pace on Manitoulin Island, so much so, the locals call it "Manitoulin Time". Manitoulin Island has become one of the most sought-after cycling destinations in Ontario with over 800km of suggested cycling routes and over 45km of off-road trails, and 108 picturesque inland lakes. Just a great place to plan a cycle tour in Canada, You will have a chance to visit beautiful Art Galleries, some featuring exquisite Native Art from the Ojibawa First Nations living on Manitoulin.
