

Northern Ontario is so quiet you can hear the bird's wings while cycling along our quiet country roads. Everything moves at a leisurely pace on Manitoulin Island, so much so, the locals call it "Manitoulin Time".

Manitoulin Island has become one of the most sought after cycling destinations in Ontario with over 800 km of suggested cycling routes, and 108 picturesque inland lakes. It's a great place to plan a cycle tour adventure. You will learn of Manitoulin's marine history, visit Art Galleries, see native art from the Ojibawa First Nations, visit funky Mom & Pop shops, sample local beer & local culinary delights and roll past Manitoulin's unique geological features including Alvars.
