

Croatia – Multi Adventure Cruise of Southern Dalmatia 2018
Guided or Individual Self-Guided
8 days / 7 nights

This multi adventure cruise in South Dalmatia is particularly well suited for families. Spend a week on a charming motor vessel that takes you from island to island, sparing you the nuisance of packing suitcases and searching for accommodations. Along with overnights in ports, we also spend some nights in quiet bays. Decide each day anew whether you would like to go on a bike trip or on a hiking tour, go rafting or rather stroll leisurely through the unique small harbor towns of the Adriatic - or simply spend the day relaxing on board. This is indeed a pleasant way of exploring southern Dalmatia, possibly Croatia's most attractive landscape. Through little stories and legends and through the country's cultural treasures - most of which are protected by UNESCO's World Heritage program - we get in touch with Croatia's eventful history. This interesting tour is rounded off by the wonderful opportunity of jumping directly off the ship into the sea for a swim. Depending on wind and weather we reserve the rights to run this tour in reverse.

Itinerary Day to Day

Day 1: Trogir (Embarkation) – Island of Šolta

Individual arrival by car to Trogir or by plane to Split airport, which is about 5 km away from the harbor of Trogir. After check in on the motor yacht (around 2:30 pm) the first short cruise starts around 3 pm from Trogir to Island of Šolta. On the way we have the opportunity to take a refreshing swim from the boat. The first night is spent on the island of Šolta.

Day 2: Islands of Hvar and Vis

We go on a morning crossing to Hvar Island with its island capital Hvar town. After arrival we take a city tour across the large Renaissance Square which is surrounded by the cathedral and many late gothic palaces. There we hike to the Spanish fortress that towers above the town. From here we have a fabulous view onto the city and the surrounding islands. At about noon our boat takes us to Komiža on the island of Vis, which was already colonized by the Greeks and is the most remote inhabited island from the Dalmatian mainland. Grab the opportunity to take a refreshing swim from the boat. Ashore at Komiža our tour guide will take you on a nice guided group walk in the afternoon. Overnight stay at Komiža.

Day 3: Island of Korčula

Early in the morning crossing to Račišće on the island of Korčula. An afternoon cycle tour takes us eventually to the same island capital. We take a little tour through the town to see the highlights: St Mark's Cathedral where we can admire the famous altarpiece by Jacopo Tintoretto. The alleged birthplace of explorer Marco Polo is worth a visit as well. There is also a magnificent view from the tower of the house onto the sea. After an out of town dinner the evening is spent in the bustling port town Korčula.

Day 4: Island of Hvar

We go on a morning crossing to Stari Grad situated on the north side of Hvar Island. The old town of Stari Grad has become a Mecca for artists and art lovers. After a crossing including a swim break and lunch on board we cycle nicely from Stari Grad to Jelsa. Around 5:30 pm we enter the boat and leave for our overnight stay close to Brač. Let the evening fade away anchoring with a lovely Captains dinner.

Day 5: Island Hvar and Brač

After a short crossing to Omiš with its pirate castles we have the opportunity to participate either in a rafting tour on the Cetina River (not included in the tour price) or to take a small cycle tour of 12 km along the Canyon.
