Discover-dalmatia.com

Purple sage, deep green pine forests and the blue of the Adriatic Sea: these are the colours that dominate in this idyllic coastal region in the north of Dalmatia. On your holiday discover small, hidden bays for bathing and charming little fishing villages. Jump from deck into crystal clear water and then let the rays of the sun warm you again. On your bike, pedal through sweet smelling woods and catch glimpses of the wonderful sea, with small islands and colourful boats filling the horizon. And when the sun goes down in a glow of red into the sea, sit comfortably on board and watch the fishermen return with their catch.
