ADVENTURE
TOURS** SINCE 1995

Day by Day

Day 1, Arrival

To Vienna-Nussdorf. Boarding from 2:30 p.m.; departure at 3:30 p.m. past the Donau-Auen National Park and the Hainburg Gate to the Slovakian capital Bratislava.

Active tour: drop off luggage at 12 noon at the ship; rental bike collection and individual bike tour from Vienna on the E6 bike path through the Donau-Auen National Park, Hainburg and Wolfsthal, car-free, to the ship in Bratislava (+ 67 km; please advise when booking).

Day 2, Budapest (22 km)

City tour by bus in the morning (3 hours). Bike tour to the car-free Margaret Island or through the center. Active tour: Bike tour to the artists' town of Szendentre (picturesque location; + 56 km there and back).

Day 3, Kalocsa - Baja (55 km)

Optional : *Guided tour (1 hour) of Kalocsa Cathedral and the Baroque Bishop's Palace (with St. Stephen's Crown).* Car-free journey past herds of cattle, pigs and horses to the Baroque town of Baja (town hall tower, old town). Interesting sculptures on Hungary's most famous pilgrimage route. Board the ship in Baja; departure at 4 p.m.

Day 4, Belgrade and Sava Island (35 km)

Arrival at 11:00 am. Optional: *City tour by bus with Kalemegdan Fortress (approx. 2.5 hours).* In the afternoon, cycle on mostly car-free and flat cycle paths to the Sava Island through the recreational area of the Serbian capital. Departure from Belgrade at 6:00 pm.

Day 5, Mohács/Duna-Dráva National Park (22-46 km)

After lunch, we cycle on car-free cycle paths through the national park to Kölked (Stork Museum), to the battle site and to the Sátorhely Memorial and back again.

MS Primadonna

The generous furnishings include the 'Primo Gusto' panorama restaurant and the 'Primavera' panorama bar, the Danube arena 'Prima Vista' and the on-board theater, Primo Teatro'. Air conditioning throughout the ship (individually adjustable in the cabins). The third largest Danube cruise ship is 113.5 meters long and 17.4 meters wide and far ahead of other river cruise ships in terms of spaciousness. No narrow corridors, great spatial effect in the common rooms - from restaurant to bar. In the 60 meter long and 8 meter wide atrium you can meet before meals, read the daily newspapers and other things undisturbed.

Due to the interesting architecture in the double hull construction (catamaran) and the 9 m high bow glazing in the Danube arena between the two hulls, you can see the waves of the Nibelungen Current, which literally flows through under your feet. In a sense, you are floating above the water. At the reception, a glass floor with lighting enables a glimpse into the world "under water" and makes a stay on the Primadonna a first-class experience. A small whirlpool, sun loungers, awnings and cozy seating areas are available on the open deck. The wellness area offers a large indoor whirlpool, a Kneipp pool and a sauna. Healing and beauty massages by appointment as well as a hairdresser on board complete the offer.

ACCESSIBILITY

The MS Primadonna has two barrier-free promenade and two upper deck cabins. Please note that all bus rides / transfers, including city tours, are NOT barrier-free. If you can get on and off the bus independently, the transfers / city tours are possible. Wheelchairs on board can therefore be used without any problems.

Bikes

7 speed touring men's or women's 24 speed touring men's or women's (actual bike models may differ)

The 7-speed touring bike with coaster brake is from the brands Schauff or Kalkhoff. The Schauff company has been manufacturing quality bikes in Remagen / Rhein since 1945, while the Kalkhoff company has been building quality bikes since 1919.

Shifting and braking

This touring bike is suitable for all road surfaces. It has a 7-speed hub gear. A Shimano front brake and a coaster brake ensure safe braking.

Frame

The frame shape of this rental bike primarily offers comfort. In the so-called wave frame, the top tube is completely missing and this enables safe mounting and dismounting. The sitting position is straight and very comfortable.

Saddle

The bike has a comfortable gel saddle or a saddle equipped with Slow Fit Foam. This touring bike also has a quick release. This allows the saddle of your rental bike to be quickly adjusted to the right seating position for you without tools.

Tires

This rental bike is equipped with a Schwalbe Marathon Plus tire. In this so-called "flat-less" tire, the puncture protection is incorporated into the jacket with a 5 mm thick insert made of high-quality and resilient materials. For this reason, these tires are much more resilient and offer increased protection against a flat tire.

The 21-speed touring bike with freewheel function is from the brands Schauff or Kalkhoff. The Schauff company has been manufacturing quality bikes in Remagen / Rhein since 1945, while the Kalkhoff company has been building quality bikes since 1919.

ADVENTURE
TOURS** SINCE 1995

Shifting and braking

This touring bike is suitable for all road surfaces. It has a 21-speed derailleur. A Shimano front and rear brake ensure safe braking.

Frame

This touring bike is used in two frame designs.

Trapezoidal frame

The frame shape of this rental bike offers comfort, sportiness and stability in one. The so-called trapezoidal frame allows deeper entry thanks to the top tube which is inclined towards the saddle, making it easy to get on and off. With this type of frame, the seating position is slightly inclined forwards.

Wave frame

The frame shape of this rental bike primarily offers comfort. In the so-called wave frame, the top tube is completely missing and this enables safe mounting and dismounting. The sitting position is straight and very comfortable.

Saddle

The bike has a comfortable gel saddle or a saddle equipped with Slow Fit Foam. This touring bike also has a quick release. This allows the saddle of your rental bike to be quickly adjusted to the right seating position for you without tools.

Tires

This rental bike is equipped with a Schwalbe Marathon Plus tire. In this so-called “flat-less” tire, the puncture protection is incorporated into the jacket with a 5 mm thick insert made of high-quality and resilient materials. For this reason, these tires are much more resilient and offer increased protection against a flat tire.

Electric Bikes- women's or men's

The 7- or 8-speed electric bike with freewheel function is from the Kalkhoff brand. The Kalkhoff company has been building quality bicycles since 1919.

Shifting and braking

This electric bike is suitable for all road surfaces. It has a 7 or 8-speed gear hub. A high braking force and good controllability due to the hydraulic rim brakes ensure safety.

engine

This electric bike has a powerful 250W motor and a powerful 621Wh battery. The engine is extremely durable and suitable for all weather.

Saddle

The bike has a saddle equipped with memory foam. This electric bike also has a quick release. This allows the saddle of your rental bike to be quickly adjusted to the right seating position for you without tools.

Tires

This rental bike is equipped with a Schwalbe Marathon Plus tire. In this so-called "flat-less" tire, the puncture protection is incorporated into the jacket with a 5 mm thick insert made of high-quality and resilient materials. For this reason, these tires are much more resilient and offer increased protection against a flat tire.

Assisting people in realizing their touring dreams worldwide is our passion.
