ADVENTURE  
TOURS** SINCE 1995

### Itinerary Day to Day

#### **Day 1: Santiago – Temuco – Malalcahuello National Reserve Ride 42km**

On the first day of our road cycling tour, our local team will meet you at Dreams Araucanía Hotel in Temuco at 9am. We'll drive for approximately 2 hours to Curacautín, a small quaint village. This village is part of the UNESCO Kütralkura Geopark and the Biosphere Reserve "Araucarias".

There, we'll stop for coffee and snacks. Afterwards, your guides will assist you to assemble and fit your bike. Once we are ready, we'll start our trip with a 26-mile warm-up ride, with the Lonquimay volcano at sight and surrounded by ancient araucaria trees.

We'll arrive at a modern hotel with SPA located in a small ski resort. In the evening, we'll have an orientation and briefing session before our welcome dinner together.

#### **Day 2: Kütralkura Geopark and the Andes Climb 58 km + 22 km**

Today the van will take us to the Sierra Nevada Range right through the tunnel Las Raíces, the longest tunnel in Chile (4.5 km). Here we'll set off on our second ride, traveling alongside the Lonquimay River by an almost flat valley; this section features the Kutralcura Geopark and one of the smoothest roads. We'll bike the Geopark territory through the lands of different Pewenches communities, ascending the international path Pino Achado until reaching the Customs. The road is quite rolling with several flat sections and a few small climbs. If you want to pedal up some serious grades, it is possible to extend the route on 22 km more, until the peak altitude of 1.884 meters above sea level. Once you reach the border line with Argentina you can enjoy breathtaking scenery of the Andes. Later we'll get in the van and drive back to our hotel.

#### **Day 3 : Loquimay Volcano- Cerro Coloradito Trail Hike**

We'll hike towards Cerro Coloradito, a natural view point of 4 volcanoes: Lonquimay, Llaima, Sierra Nevada and Villarrica. The hike is quite fun, with fantastic views and always surrounded by ancient forests of araucaria trees, some of them dating over 2.000 years old. After the hike, we'll drive to Pucón, Chile's capital of adventure tourism.

#### **Day 4: Pucon's Hot Springs Loop Ride 52 km + 35 km to Pucon**

We'll cycle from our hotel to Lake Caburgua and then towards Pucon's famous Hot Springs. The ride today is a combination of rolling hills with several short climbs at the second half of the road. Throughout today's ride our guide will help us identify several species of birds and trees as we cycle next to beautiful farms and enjoy views of the Villarrica volcano. With a little good luck, we will see smoke coming out of this active volcano. After cycling the rolling and sometimes hilly road to the hot springs, we will enjoy lunch and then a soothing soak in a hot mineral bath. Later we'll take a short ride in the vans back to our hotel in Pucón, or you can ride in your bike if you want. Evening at leisure, dinner NOT included.

**OK CYCLE &  
ADVENTURE  
TOURS** SINCE 1995

#### **Day 5: Chile's 7 Lake Route 95 km**

Each day brings new beauty on this tour, and today is no exception. Today we will ride one of Chile's most scenic roads, The 7-Lake Route. We'll pedal alongside the shores of two beautiful lakes, Calafquén and Panguipulli, and cover three-quarters of the way around Villarrica Volcano. This road is smooth and quiet as almost no vehicles drive here.

We'll have a picnic lunch by the beach of Lake Panguipulli while enjoying the views of Chile's southern volcanoes. Then, we'll continue riding alongside Lake Panguipulli until the end of the paved road near Choshuenco village, before driving towards Huilo-Huilo Biological Reserve.

#### **Day 6: The German Settlers Route 65k**

Today, we ride through quaint little villages with a strong German heritage. The route consists of rolling hills with flat stretches, and ends at the beach of Llanquihue Lake. The landscape is dominated by the Osorno Volcano with its perfect cone.

In the afternoon, we'll arrive at Puerto Varas, a strong German-influenced quaint city located at the shores of Llanquihue Lake.

#### **Day 7: Vicente Perez Rosales National Park ride 55 km (optional 12 km climb Volcan Osorno)**

This trip of a lifetime is about to end. In the morning, we start riding from the hotel, alongside Lake Llanquihue, towards Petrohue Waterfalls in Vicente Perez Rosales National Park.

***Option extra 7.3 miles / 3750ft: Challenge yourself and climb the Osorno Volcano, one of the steepest climbs in South America (if not Europe).***

#### **Day 8, Puerto Varas – Angelmo Market - Puerto Montt Airport**

Sadly, it's time to say good-bye to the beautiful Lake & Volcano District of Chile. After breakfast, we'll ride in vans to Puerto Montt City and visit the Market of Angelmo, which is the perfect place for wonderful souvenirs, handcrafts and woolen clothing. Later, we'll head to the Airport to catch your flight back to Santiago. It's been a trip you will always remember! End of services.

- Insurance
- Other cycle parts and components (derailleur, crankset, fork, etc)
- Extra beverages & cocktails
- Laundry and SPA services

## **Bike Rental**

### **Helmets & Pedals**

Most riders choose to bring their own helmets, but if you prefer, we have a small number of helmets available on a 'first come, first served' basis. Please let us know in advance if you'd like to use one.

All our bikes are equipped with Wellgo pedals and toeclips. We will be happy to substitute any pedals you choose to bring. Amity Tours also has a small number of Shimano SPD and SPD-SL pedals, available on a 'first come, first served' basis. Please let us know in advance if you prefer to use them.

### **Road Safety**

Besides your own on-road safety gear (helmet, rearview mirrors, bright colored jerseys and gloves) we provide a support vehicle that drives at the rear of the group with a road-sign that alert other drivers the presence of bike riders on the road. Drivers in Chile are used to bicycles on the road, so they shouldn't bother you while riding. All our staff communicates by radio at all times.

### **Bike Rental – Specialized Diverge Elite E5 (2021)**

### **E-Bike rental – Specialized Turbo Creo SL Comp Carbon Evo (2023)**

### **Bicycle choice**

If you bring your own bike, make sure they have tires of at least 28 cm size. Although the road surfaces are normally in fine shape, one never knows what condition they will be in after the winter. Pack your bike well in a cardboard box that we can easily dismantle for its transportation during the tour.

### **Non Standard Wheels**

If your wheel size is different than 700c, you MUST bring your own parts (tires, tubes and spokes). Likewise, if your wheels have any special features make sure you bring your own special spokes.

*Assisting people in realizing their touring dreams worldwide is our passion.*
