

Czech- Germany- Prague to Munich by bike (2025)

9 Days / 8 Nights

Individual Self-Guided

Cycle along a medieval route between the Bohemian kingdom and the Holy Roman Empire that connects two major capitals – Prague and Munich. Both, thanks to their unique architecture and preserved centers, are enlisted in the UNESCO heritage list.

The route will lead us to countless castles, chateaux, monasteries, and through some of the finest nature in the area. Soon after leaving Prague, you pass the most visited castle of Bohemia – Karlštejn, a mighty imperial fortress. And next you can admire the “beer kingdom” of Pilsen. Not just Pilsner, but a rich Jewish culture and the lively atmosphere of a 2015 European Culture Capital waits for you there! Another mighty fortress in Švihov guards the entrance to the extraordinary Chodsko region with Klatovy as its capital. Of the many natural riches we should at least mention the Regen River’s nature reserves. From Regensburg you follow the mighty Danube with its mythological places of Celts and Romans. On

the way to the Isar you even shortly meet the Austrian Gaudí's architecture! Between Prague and Pilsen our tour follows the best-known pilgrimage of Europe, the Camino de Santiago de Compostela. Winding along the routes on bike you might even hear the ancient pilgrims footsteps, or at least an old tune sung to pass the time...

From Regensburg on you easily continue biking along the Danube upstream. Continue towards the Bavarian capital Munich to experience some of the best German beer traditions. You need to climb a bit, still with river in sight, to get to the fairytale Bavarian capital.

Day by Day

Day 0 - Arrival to Prague - not included in tour price

After your arrival and check-in to a Prague hotel, this day is yours to explore the "Paris of the Central Europe,". If time is not your worst enemy, we do propose you stay in Prague more days to fully explore its beauty and hidden corners. Feel free to ask us about more nights or other attractions!

Hotels: Night in Prague is not included as most of our guests prefer to stay more nights. We recommend to use one of our standard partner hotels (3/4/5* Standard) as our route description, GPS files, maps etc. starts from there. If you decide to book your own hotel additional 20 € administration fee will apply.

Please note we require hotel with 24/7 reception + bike storage room. We do not accept Air B&B accommodation and it will be your responsibility on day 1 to find way by bike to our starting point.

Day 1 Prague – Karlštejn - Zebrač Distance: 69 km / 43 miles

Description of the day: We start our trip from Prague along the beautiful Vltava and Berounka rivers all the way to the mighty Karlštejn castle, built in the 14th century to serve as a calm retreat for the Bohemian king, but more so as an unconquerable fortress guarding the Bohemian and Imperial crown jewels! With gentle terrain, well-marked bike routes, and beautiful, wooded countryside, this first part of the day is a popular trip for Czech and foreign visitors alike. Following the banks of the Vltava will reveal beautiful views of Prague before we reach the Aula Regia monastery in Zbraslav and veer towards the quiet Berounka. Along this river, we bike through small, picturesque villages like Dobřichovice with its chateau. By midday you can either visit the Karlštejn castle and village or, should it be not enough biking for you, there is always the option to enjoy to the Karst region of Malá and Velká Amerika! In the afternoon we can admire the beauties of the Czech Karst natural protected area. We start with a ride through the limestone canyon of the Berounka river, soon to arrive at the old royal town of Beroun with its nicely preserved gates and town centre. Saying goodbye to the Berounka, we will follow the small river Litavka that leads us to two gothic castles. In the valley. The Žebrák castle perfectly represents a romantic ruin, while the second castle, Točnick, on a hill, is perfectly restored. From here, only a little

TOURS** SINCE 1995

pedaling remains to today's lodgings in the small town of Hořovice with its beautiful baroque chateau and charming gardens.

Day 2 Zebrač – Pilsen Distance: 62 km / 39 miles

Description of the day: Today the beautiful hills of the Brdy nature reserve greet us on our way to the town of Dobruška. Here we can admire a 14th-century stone bridge and perfectly preserved iron water mills from 17th century – the biggest in the country! After an invigorating ride through the Křemetský Creek natural park we get to the stunning Kozel chateau with its breathtaking gardens. Our day's destination – Plzeň (Pilsen), rightfully called the world capital of beer, the

legendary Pilsner Urquell is brewed here. We suggest visiting the brewery itself to taste the best large-production beer in world right at its birthplace!

Day 3 Pilsen - Klatovy Distance: 59 km / 37 miles

Description of the day: Before you start biking, we do recommend visiting the Pilsen town centre. You can admire the third biggest Synagogue in the world or climb the highest church tower in Czech Republic with a beautiful view of the countryside and town. Back on the bike, we follow our route south to visit the memorial of the victims of communism. Afterwards, we bike along the Radbuza river through a small natural preserve to the town of Dobruška and over rolling terrain to the Švihov water castle. The Uhlava River then leads us all the way to the town of Klatovy. The town has always been the centre of a proud people called Chodové with their own specific culture. Founded in the 13th century it served as an important royal presence, and today exemplifies a thriving Czech town. Take time to admire the old town square with its imposing church and city hall and its still-running 18th-century pharmacy. A creepier highlight is underground – in the local catacombs are mummies of Jesuit priests, the oldest dating back to 17th century.

Day 4 Klatovy – Roudnice Distance: 55 km / 34 miles

Description of the day: Optionally we can take a morning transfer (car or train) to Domažlice, a town, like Klatovy, very proud of its Chodové culture. In the Middle Ages the locals were responsible for the border defense and thus released from field labor for the aristocrats. Many permutations and ancient habits mark the culture here, like the use of bagpipes in music! From Domažlice we continue by bike

across the old Iron Curtain border to the German town of Fürth. From Fürth, known for its dragon festival and dragon museum, we bike along the river Cham to its confluence with the river Regen and onwards to the old town of Cham, passing through its Beer Gate and Old Town. Finally, along the Regen still to Roding.

Day 5 Roding – Regensburg Distance: 62 km / 39 miles

Description of the day: On the first full biking day in Bavaria, we stay with the river Regen, biking through numerous nature preserves and wetland areas with many endangered birds and more! And not „only nature“ awaits us today: We can admire the ancient town of Roding, dating back to 9th century and called the gate to Bavarian Forest. Further on we bike through an area called Schlossareal (Chateau land) because of its numerous chateaux, castles, ruins and monasteries. Among many, one can highlight the monasteries in Walderbach and Rheinbach. Our day's destination is the stunning town of Regensburg. With over 1500 historical buildings in its town center, one will not be surprised to find it on the UNESCO heritage list! With a history running back some 2000 years, we find here many Celtic, Teutonic, Roman and Holy Roman Empire wonders! Highlights include the oldest bridge in central Europe, the imperial palace, a fantastic cathedral... but that is just the start.

Day 6 Regensburg – Bad Gögging Distance: 60 km / 37,5 miles

Description of the day: Day along the Danube! Yet another river day ahead of us! Today we enjoy the upper Danube bike trail admiring all the beauty around us. Less cycled than a bit downstream but offering numerous great spots this day has in pocket for us places like Bad Abbach, Kelheim with its majestic memorials and the monastery in Weltenburg. Just do not expect full time along the mighty river. Finally, we end up in a small cozy town of Bad Gögging close to the confluence of the Danube and Abens rivers.

Day 7 Bad Gögging – Freissing Distance: 70 km / 44 miles

Description of the day: As we have already left the Danube yesterday, today we ride merely through Bavarian countryside with the small river called the Abens being our mysterious guide. The route meanders all through the country showing more than just a river, we explore the lush meadows same as light forests, admire lovely chateaux like Train or Ratzenhofen and unexpected architectural gems like Kuchelbauers in Abensberg hiding a masterpiece of the so called „Austrian Gaudi“ Friedensreich Hundertwassers construction. All somehow underlined by the ever-present Bavarian beer. Finally, we end up on the banks of the mighty Isar river in lovely old Freissing with huge cathedral hill which we can admire while walking the old town lanes!

Day 8 Freissing – Munich Distance: 40 km / 25 miles

Description of the day: The last biking day is the Isar day. This wild river takes us gently to the pulsing Bavarian capital of Munich surprisingly easy and even better - by a totally wild riverside (on a nice bike trail though!). Then unexpectedly the palaces and villas of Munich appear and the last kms we cycle

through the famous city all the way to the city center. Make sure to have a beer to say „Prost!“ once you finish hit all off!

Day 9 Munich Distance: 0 km / 0 miles

Description of the day: This day is yours. Explore the once mighty capital of a millennia old Bavarian kingdom, sip one of the numerous local beers or just relax after the tour! Munich can easily be a gate to Bavaria or Germany as such, should you like exploring more! Should you like to stay longer, just do not hesitate asking us for accommodation!
