Day by Day

Day 1: Munich

Individual arrival to Munich. Visit the Nymphenburg castle, the birthplace of King Ludwig II. Also visit the Frauenkirche, the landmark of Munich, and enjoy the view over the city after an ascent to the South Tower (incl.)

Day 2: Lake Starnberg (approx. 60km)

Today, your first cycling stage will first lead you to the Lake Ammersee. Travelling via the Andechs monastery, your journey then continues to Starnberg, King Ludwig II's favourite place. One can also cycle a pleasant journey directly to the Lake Starnberg (approx. 35km).

Day 3: Around Lake Starnberg (approx. 50 km)

Today you can travel around Lake Starnberg and can visit the many old villas and small castles. Cycle to the votive chapel at Berg am Starnberger See, which was built in memory of King Ludwig II.

Day 4: Lake Staffelsee/Lake Kochelsee (approx. 45-65km)

Travelling along the eastern side of Lake Starnberg, you will cycle to Seeshaupt. One can also shorten this section by ship (on one's own, possible daily from approx. 01.05.). You then travel past the romantic Lake Riegsee to today's cycling destination.

Bikes

Unisex Touring bike with free-wheel and step-less NuVinci gearshift

We provide you with our rental bikes with free-wheel and a stepless gearshift, which are adjusted exactly to your requirements. For the frame, we decided on an individual unisex model, adjustable in height and with different frame sizes. The modern aluminium frame also makes the bicycle several kilograms lighter.

A special highlight is the stepless NuVinci-Gearshift. The gears can easily be adjusted by using the ergonomic rotary handle. The tyres, which are practically puncture resistant and the two brakes which are perfectly coordinated with the aluminium rims make every route easily manageable.

Please take note, that the touring bike can only be provided for the duration of the tour and not for additional nights before or after the tour. Attention weight limit: max. 120 kg

Unisex E-bike with free-wheel

We provide you with our highly modern unisex E-bikes with free-wheel. The Bosch Active Line Plus-mid-mounted motor stands out with regards to performance and riding experience and offers sufficient range with an efficient charger. The display for the necessary settings can be operated easily and provides for an optimal level of assistance.

The E-bike has an advantage regarding various levels of physical fitness, and ensures that all can cycle at the same speed. Please take note that the E-bike can only be provided for the duration of the tour and not for additional nights before or after the tour.

Rental bike complete protection insurance

A rental bike insurance against theft and damages is automatically included with all tours (excl. accessories: Luggage- and handle-bar bags with contents, odometer, E-bike display). Therefore, no costs will arise for you in the case of theft or damages to the rental bike. Exception to the complete protection insurance is of course negligent or deliberate action. Please note that you are to lock the bicycle daily. Please inform our office by all means or contact the emergency Hotline in the case of an emergency.

Rental bike-equipment

Our rental and electric bikes are per room automatically equipped with a handlebar bag including replacement hose, repair kit and air pump. The normal rental bikes are also equipped with two luggage bags and the electric bikes with a double-sided luggage bag. Each rental bike also has an odometer and an automatically integrated frame lock.

Whether you want to wear a cycling helmet or not, everyone should decide for themselves. In most areas of our cycling there is no helmet duty. For your own safety, we still recommend wearing a helmet.
