

Germany-Austria-Hungary-Slovakia- Passau-Budapest-Passau by Bike & Boat (2025)

8 Days/ 7 Nights

Individual Self Guided

You can experience the most beautiful sections of the European cycle route E6 on this active holiday on the Danube without any special effort! The Wachau, the Danube Bend, the Danube-Auen National Park and the car-free cycle paths through Vienna and Budapest are among the most beautiful experiences of this cycle cruise. Enjoy the comfort of a floating 1st class hotel.

TOURS** SINCE 1995

ITINERARY

Day 1 Friday, individual arrival

to Passau until around 4:30 p.m. to the ship or to the Infopoint. Transfer to the ship (customers' own bikes must be delivered to the ship themselves). During the welcome menu.

Day 2 Saturday, Schlögen – Linz (56 km)

Cast off about 3:00 am Handover of the rental bikes. From the UNESCO cultural heritage Schlögener Loop through the uninhabited Kaiserau to the baroque market of Aschach and via Ottensheim to Linz.

Day 3 Sunday, Tulln – Vienna (31 km)

Individual tour of the Egon Schiele Museum and Garden Show in Tulln. Cycle tour from the flower town of Tulln, past Klosterneuburg (monastery - "Escorial of Austria") to Vienna. Individual tour of Vienna or, if desired, "Vienna city tour by bike" on up to 95% car-free cycle paths (+ 18 km car-free cycle paths). Optional: Evening city tour by bus (duration approx. 2 hours).

Day 4 Monday, Visegrád - Budapest (59 km)

On the Danube cycle path/E6 from Visegrád (castle, fortified tower and more) to Vác. By ferry to the island of Tahitlofolu and to the artists' town Szentendre. Continue car-free until you reach the ship. In the evening, by boat through the magnificently illuminated Danube metropolis of Budapest.

Day 5 Tuesday, bike tour to Margaret Island (22 km)

Optional: City tour by bus to the most beautiful sights from the boat (3 hours) with a stop in the castle district. Tips for a bike tour on car-free bike paths through the center.

Day 6 Wednesday, round trip Bratislava (44/36 km)

After lunch, arrival in Bratislava. Optional: Guided walk (1 hour). Car-free return from the ship on the Danube cycle path via Wolfsthal to Hainburg (Rothenburg of Austria) or further via Hof Castle and Devin (SK national monument; about 6 km side road).

Day 7 Thursday, Wachau (48 km)

From the pretty UNESCO World Heritage town of Krems, you cycle to the most famous spot in the Wachau – Dürnstein. The small, winding town attracts tourists from all over the world. You continue through well-known wine-growing towns such as Weißenkirchen and Spitz to Melk. From afar you can see the imposing monastery that towers over the small town. The last few kilometers of your journey now take you to Merbach. Return the rental bikes.

Day 8 Friday, disembarkation/Passau

Arrival in Passau at around 9:00 a.m. After breakfast at around 9:30 a.m. bus transfer to the car park/main train station.

In the interests of your safety, the captain may make changes to the trip program at any time (even at short notice) due to high water, low water or other cases of FORCE MAJEURE. Arrival times are subject to lock waiting times and normal water levels.

Route 249-304 km on flat well marked routes

- Detailed route description and cycling maps
- GPS data of the route (on request)
- 1 wine tasting of 4 Danube country wines on board

MS Primadonna

The generous furnishings include the 'Primo Gusto' panorama restaurant and the 'Primavera' panorama bar, the Danube arena 'Prima Vista' and the on-board theater, Primo Teatro . Air conditioning throughout the ship (individually adjustable in the cabins). The third largest Danube cruise ship is 113.5 meters long and 17.4 meters wide and far ahead of other river cruise ships in terms of spaciousness. No narrow corridors, great spatial effect in the common rooms - from restaurant to bar. In the 60 meter long and 8 meter wide atrium you can meet before meals, read the daily newspapers and other things undisturbed.

Due to the interesting architecture in the double hull construction (catamaran) and the 9 m high bow glazing in the Danube arena between the two hulls, you can see the waves of the Nibelungen Current, which literally flows through under your feet. In a sense, you are floating above the water. At the reception, a glass floor with lighting enables a glimpse into the world "under water" and makes a stay on the primadonna a first-class experience. A small whirlpool, sun loungers, awnings and cozy seating areas are available on the open deck. The wellness area offers a large indoor whirlpool, a Kneipp pool and a sauna. Healing and beauty massages by appointment.

ACCESSIBILITY

The MS Primadonna has two barrier-free promenade and two upper deck cabins. Please note that all bus rides / transfers, including city tours, are NOT barrier-free. If you can get on and off the bus independently, the transfers / city tours are possible. Wheelchairs on board can therefore be used without any problems.

TECHNICAL SPECIFICATIONS

Capacity: 198 people

Number of cabins: 82 outside cabins in the customer area; except main deck aft, all with base beds

Crew members: 47-50

ADVENTURE
TOURS** SINCE 1995

Bikes 7 speed touring men's or women's 21 speed touring men's or women's (exact models may differ)

The 7-speed touring bike with coaster brake is from the brands Schauuff or Kalkhoff. The Schauuff company has been manufacturing quality bikes in Remagen / Rhein since 1945, while the Kalkhoff company has been building quality bikes since 1919.

Shifting and braking

This touring bike is suitable for all road surfaces. It has a 7-speed hub gear. A Shimano front brake and a coaster brake ensure safe braking.

Frame

The frame shape of this rental bike primarily offers comfort. In the so-called wave frame, the top tube is completely missing and this enables safe mounting and dismounting. The sitting position is straight and very comfortable.

Saddle

The bike has a comfortable gel saddle or a saddle equipped with Slow Fit Foam. This touring bike also has a quick release. This allows the saddle of your rental bike to be quickly adjusted to the right seating position for you without tools.

Tires

This rental bike is equipped with a Schwalbe Marathon Plus tire. In this so-called "flat-less" tire, the puncture protection is incorporated into the jacket with a 5 mm thick insert made of high-quality and resilient materials. For this reason, these tires are much more resilient and offer increased protection against a flat tire.

The 21-speed touring bike with freewheel function is from the brands Schauuff or Kalkhoff. The Schauuff company has been manufacturing quality bikes in Remagen / Rhein since 1945, while the Kalkhoff company has been building quality bikes since 1919.

Shifting and braking

This touring bike is suitable for all road surfaces. It has a 21-speed derailleur. A Shimano front and rear brake ensure safe braking.

Frame

This touring bike is used in two frame designs.

Trapezoidal frame

The frame shape of this rental bike offers comfort, sportiness and stability in one. The so-called trapezoidal frame allows deeper entry thanks to the top tube which is inclined towards the saddle, making it easy to get on and off. With this type of frame, the seating position is slightly inclined forwards.

Wave frame

The frame shape of this rental bike primarily offers comfort. In the so-called wave frame, the top tube is completely missing and this enables safe mounting and dismounting. The sitting position is straight and very comfortable.

Saddle

The bike has a comfortable gel saddle or a saddle equipped with Slow Fit Foam. This touring bike also has a quick release. This allows the saddle of your rental bike to be quickly adjusted to the right seating position for you without tools.

Tires

This rental bike is equipped with a Schwalbe Marathon Plus tire. In this so-called “flat-less” tire, the puncture protection is incorporated into the jacket with a 5 mm thick insert made of high-quality and resilient materials. For this reason, these tires are much more resilient and offer increased protection against a flat tire.

Electric Bikes- women's or men's

The 7- or 8-speed electric bike with freewheel function is from the Kalkhoff brand. The Kalkhoff company has been building quality bicycles since 1919.

Shifting and braking

This electric bike is suitable for all road surfaces. It has a 7 or 8-speed gear hub. A high braking force and good controllability due to the hydraulic rim brakes ensure safety.

Engine

This electric bike has a powerful 250W motor and a powerful 621Wh battery. The engine is extremely durable and suitable for all weather.

Saddle

The bike has a saddle equipped with memory foam. This electric bike also has a quick release. This allows the saddle of your rental bike to be quickly adjusted to the right seating position for you without tools.

Tires

This rental bike is equipped with a Schwalbe Marathon Plus tire. In this so-called "flat-less" tire, the puncture protection is incorporated into the jacket with a 5 mm thick insert made of high-quality and resilient materials. For this reason, these tires are much more resilient and offer increased protection against a flat tire.

Assisting people in realizing their touring dreams worldwide is our passion.
