

Greece - Central Greek Aegean E- Bike and Boat Tour (2025)
Guided or Individual Self-Guided
8 days / 7 nights

On this tour we explore the sunny islands of the Greek Aegean by e-bike and on board a comfortable Turkish Gulet. The islands are a magical and mythical world brimming with stories and cultural wonders. Come with us on a discovery voyage and experience the Aegean by land and by sea. Relax while swimming in idyllic bays, enjoy the spectacular views, and discover the region's turbulent, glorious past. Let us take you to the ancient Asclepion where Hippocrates, the famous physician, practiced modern medicine. Enjoy the peaceful island of Lipsi and the atmosphere on the holy island Patmos and look forward to the incredible panoramic views that can be admired on the cycling tours throughout the trip. This tour is part of the PLUS program. The PLUS tours offer our guests a PLUS all-round: a comfortable motor yacht, unlimited e-bike availability, as well as some pleasant surprises along the way.

On all dates the Central Greek Aegean MTB & Boat Tour takes place on the same ship. One of the tour guides leads the e-bike/road bike cyclists while the other guide takes care of the MTB group. We are pleased to send you detailed tour itinerary of the MTB & Boat tours on request

Itinerary Day to Day

1st Day (Sat) Bodrum (Embarkation)

Individual arrival to Bodrum harbour. A collective transfer from Bodrum Airport to the harbour is available for an extra cost on request. Check in begins on the Gullet at 2 pm. Use the evening hours to enjoy the lively atmosphere in the city of Bodrum and relax with a typical Turkish tea. In the evening a shared dinner on board can be enjoyed in the company of your travel companions and tour guides.

2nd Day (Sun) Kos Island/Kos Town (aprx. 19 mi./30 km)

In the morning we cross over to Kos town and bike in the direction of the world-famous archaeological excavation site of the Asclepion in Kos, the former home of Hippocrates, the father of modern medicine. We cycle on until we reach the town of Kos. A wealth of cultural sights in Kos town provide an insight into the town's turbulent

historical past including the Roman Forum, the Crusader fortress, and the mosques from the time when Kos was part of the Ottoman Empire. The evening can be spent in one of the numerous bars or cafes in the town.

3rd Day (Mon) Leros Island (aprx. 17.5 mi./28 km)

We enjoy an early morning crossing to the scenic Island of Leros. Today's ride leads us to the fort of the Knights of St. John of Jerusalem in Agia Marina and on through the small alleyways of the town. Passing the picturesque town harbour, we cycle on to the seaside chapel Agios Isidoros, a popular place on the island to get married. Following the coastline, we reach a beautiful sandy beach where we stop for a swim and coffee. We then cycle on to the boat before sailing for Patmos or a nearby bay.

4th Day (Tue) Patmos Island – Lipsi Island (aprx. 7 – 10 mi./12 – 16 km)

Today we visit Patmos and its grotto on a short panoramic bike tour. It is said that St. John received the revelation during his captivity here. The world-famous monastery of St. John of Chora is found in a

village with numerous white alleys, and 34 churches and chapels. After our visit, we cycle along the coast until we reach the port. We meet the boat for lunch and crossing to Lipsi. Enjoy the afternoon in the charming harbour town and be sure not to miss out on a visit to the legendary pastry shop!

**5th Day (Wed) Lipsi Island – Kalymnos Island
(aprx. 6 – 10 mi./ 9 - 16 km)**

In the late morning we explore Lipsi by bicycle, gaining an impression of its rich agriculture as we follow the route once around the island. In the afternoon we will cross over to the island of Kalymnos to the main port of Pothia, where we will spend the night. The old town of Pothia still clearly shows the former wealth of its inhabitants acquired through sponge diving.

6th Day (Thu) Kalymnos Island – Kos Island (aprx. 26 mi./42 km)

Today, a round tour by bike on Kalymnos is on the program, on which we will get to know the entire island, which has made a name for itself far beyond Greece's borders as a climber's paradise. We will also pass through a surprisingly green valley for this barren island and enjoy wonderful views of the bay-rich coast. Back in Pothia, the ship awaits us for lunch and the crossing to Kos Town for an overnight stay.

**7th Day (Fri) Kos Island – Bodrum (aprx. 15
mi./24 km)**

Our last cycling tour leads to the Embros thermal springs, where we can have a lengthy swim. After lunch ashore, we enjoy our last cruise back to Bodrum. Here we can once more go for a walk through the lively old town of Bodrum with its impressive castle of the Knights of St. John of Jerusalem and the remains of the famous Mausoleum of

Halicarnassus, one of the Seven Wonders of the Ancient World. An evening meal is enjoyed together in the company of guides and guests.

Route

Requirements for e-bikers (level 1): E-bike tours suitable for riders with a good basic level of fitness. The tours and the elevation meters are very manageable with an e-bike (12-42 km and 200 - 500 elevation meters per day). The roads are mostly asphalted. Your tour guide will inform you each day about the tour details. This tour is primarily a guided group tour however, upon consultation with your tour guides, it may be possible to cycle on your own along recommended, suitable routes. You are free to set aside a half or full day to swim or spend on board the boat, instead of taking a planned cycle tour.

Bikes

E-bike

All our e-bikes are high quality pedelecs, most of which are fitted with Bosch motors with extra battery range. They are characterized by their relatively light weight and great components. Some of our fleet are equipped with other motor systems. With an e-bike, you will be able to climb almost any hill with ease. They are a true set of wings for anyone who needs a little 'tail wind' to make their ride that little bit more enjoyable.
