

**Italy – Bressanone in One Hotel Bike Tour (2025)**  
**Individual Self-Guided**  
**7 days / 6 nights**

The cathedral city of Bressanone is the perfect starting point for your cycle tour through the valleys of South Tyrol. Scenic routes along the rivers Eisack and Rienz lead to cultural and natural highlights. The Dolomites seem to be really close, from your bike you will look up to their rugged, imposing peaks. The small town of Klausen with its narrow streets and romantic squares spreads a medieval atmosphere - almost like it did in the distant past. You will visit the impressive Walther Square in Bolzano, with the statue of Walther von der Vogelweide and you will get a chance to enjoy a wonderfully creamy cappuccino in one of the cozy cafes. Every day you will discover and experience new things, and at the same time you will enjoy returning to your comfortable hotel in the evenings.

### Itinerary Day to Day

#### **Day 1: Arrival in Bressanone**

You will get your travel documents and rental bikes (if booked). We recommend taking a first walk through the charming old town.

#### **Day 2: Trip to Bolzano 45 km + train ride**

A wonderful tour to start with! The old railway track from Brixen to Bolzano was adapted into a fantastic bike path. Going steadily downhill, the track leads you through the medieval town of Klausen with the monastery Säben. The valley is getting narrower and narrower and the vineyards of the most northerly wine growing region of Italy are getting closer and closer. All too soon, you will reach Bolzano! You should take a walk through the arcades to the Ötzi museum (free admission with the Brixen Card) and stop at Piazza Walther before you will return to Brixen by train.

#### **Day 3: Trip through South Tyrolean Villages 25 km + bus transfer**

In the morning there will be a short transfer by shuttle bus to Elvas above Brixen. The route will lead you from village to village. On slightly hilly terrain, you will cycle across orchards with great views of the valleys Pustertal and Eisacktal. On the way back, you can visit the Augustinian Abbey of Neustift where you will find the world's smallest Bible.

#### **Day 4: Trip through the Eisacktal Valley 50 km + train ride**

In the morning there will be a transfer by train to the Brenner Pass. From the small border town Brenner, you will cycle on a newly extended bike path, mostly along the river Eisack, first to the little village Gossensass and immediately afterwards to Sterzing, the once mighty city of the Fugger. Here you can enjoy a long break before you will continue your tour on the bike path downhill to the beautiful Castle Reifenstein and Franzensfeste with the famous fortress. From there, only a few kilometers remain on your way back to Brixen.

**Day 5: Trip to Lake Varna 20 km**

Slightly uphill, the trail will lead you to Lake Varna. The Kneipp facility at the city of Varna could help you to refresh your body. Because the tour is not very long, you will have enough time to take advantage of the extensive offers of the Brixen Card (cable car ride to the Plose, various museums, guided tours, hiking adventures, etc.)

**Day 6: Trip through the Pustertal Valley 40-65 km + train ride**

In the morning, transfer by train into the Pustertal Valley, to Brunico or Toblach. You will follow the river Rienz, cycling mostly downhill on a beautiful bike path, leaving the valley behind you. The deep green Olang reservoir is located shortly before Bruneck (local history museum). Then, the route will lead you comfortably through the lower Pustertal valley to the Mühlbacher Klause and into the Eisacktal valley and finally back to Brixen.

### Bikes

#### Bike Plus

From the saddle to the breaks and gears of higher quality (eg hydraulic Magura breaks HS 11, Shimano Deore XT) the 'plus' is noticeable in many parts of the bike.

Rental Bike PLUS allows for a sportier sitting posture, 27 speed gears offer maximum flexibility and a high quality Suntour suspension fork provides the best possible comfort on all paths. Of course, all our accessories are also available on Rental Bike PLUS.

#### Hybrid Bike

**Unisex frame 21-gears** with free wheel sizes: 56 / 51 / 46 / 43 cm

**Unisex 7-gears-bikes** with back pedaling brake sizes: 56 / 51 / 46 cm

**Men's speed bikes 21-gears** with free wheel and crossbar sizes: 64 / 60 / 56  
"slopping" cm (note: a reservation is necessary!)

**Also includes** Saddle bag (water-repellent), handlebar bag (water-repellent), service-Set with tools and extra bicycle tube, pump and combination lock

#### Electric Bike

A Pedelec is an electro bike which assists with electric support only when pedaling. Composed on basis of KTM-bikes, adequate for our missions. The bike is easy to handle as you have a good weight distribution and a low balance point. Overall weight amounts to approx. 23 kg. An illuminated LCD display, a computer and a wattage display add to the comfort.
