Itinerary Day to Day

Day 1: Pisa Arrival

The city is famous all over the world for its magic Piazza dei Miracoli with the characteristic leaning tower, the bell tower of the city cathedral. Part of the UNESCO World Heritage since 1987, besides a large number of monuments it also offers the friendly and lively atmosphere of a university city.

Day 2: Pisa – Lucca 25 - 45 km

Today you are pedalling northwards along the river Serchio for an easy stage. For those who wish a slightly longer itinerary, there is the option of going towards Massaciuccoli Lake before reaching Lucca.

Day 3: Lucca – Montecatini 45 km

Through a panoramic road you reach the little village of Collodi and the town of Pescia. In Collodi, where the author of Pinocchio spent his childhood, you can visit the famous Pinocchio's Park and the aristocratic Villa Garzoni. In Pescia you can enjoy a quiet stroll among palaces, Renaissance mansions and the local flower street market.

Day 4: Montecatini round tour 60 km

Today's route offers you again two possibilities. You can relax in one of the most famous thermal cities in Europe and stroll down the narrow lanes of the old city, which is situated on a hill and can be reached by a characteristic cable railway. Otherwise a picturesque itinerary will lead you among villas of the Medici family, olive groves, vineyards and beautiful historical farms, going past Vinci, Leonardo da Vinci's birthplace (visit to the museum possible).
