

Portugal – Porto Radial Tours Cycling Tour (2025)
Individual Self-Guided

8 days / 7 nights

This is an independent cycling holiday. You can choose to stay in a hotel or an apartment. The biggest advantage of this tour is that you can select daily one of the 7 different routes and you always return back “home”. First discover Porto - UNESCO world heritage site with the magnificent Douro river and finish on the ocean. Visit three totally diverse cities: Braga (Portugal's religious capital), Guimarães (Portugal's first capital still with its' castle) and Aveiro (Portugal's Venice). Then ride along the ocean on the two coastal tours (north and south) and still have time to cycle on Porto's Nature Park Hills along the Douro river.

7 incredible tours.... 7 unforgettable days around Porto!

Itinerary Day to Day

Day 1: Porto (27 km)

Welcome to Porto - a UNESCO world heritage site. This tour invites you to visit Port wine's cellars and if there's enough time, you can finish in Matosinhos filled with fish restaurants with barbecue.

Day 2: South coast (34km)

After a briefing, you'll be transported to Mateus, near Vila Real. Start riding on the very quiet countryside until you enter towards Pinhão, centre of the Douro valley with amazing and unique views, vineyards and the Douro river. Enjoy the day by cycling on secondary roads and finish in Loivos where you can visit the olive oil museum - with a great viewpoint!

Day 3: Guimarães (24 km)

It was Portugal's first capital, and its' medieval town (15th Century) was made a UNESCO world heritage site. The old town is within the city walls and also the castle. You climb the Penha hill on a cable car and ride down the hill passing by the "Vinho Verde" region and along the river to thermal town of Vizela.

Day 4: Three rivers to Douro (34 km)

In Valongo, the hills of Porto, you'll cycle through a nature reserve along two rivers before you come into "Douro" river, where you ride on the cycle path entering Porto.

Day 5: North coast (41 km)

Today's adventure is to explore Porto's north coast. This coastal region is wilder compared to the south with lovely wooden and cycle paths. Enjoy the views and visit some sandy beaches along the path!

Day 6: Braga (23km)

Braga is Portugal's oldest city and religious capital with several churches, cathedrals and sanctuaries. Explore the old streets and 18th century mansions before you climb the mountain. On the top of the hills, you'll be amazed by the gardens and the city view.

Day 7: Aveiro (29km)

Start your day in the town of Estarreja after a train voyage. Then you'll enter into a new landscape... a nature reserve with lagoons before you arrive into Portugal's Venice - Aveiro. This is also a fishing city surrounded by salt hills. The old town is divided by canals sailed by traditional fishing boats.
