

Spain – Cycling Segovia's Medieval Villages Cycle Tour (2025)
Individual Self-Guided
8 days / 7 nights

This stunning bike tour in Spain starts in the historic city of Segovia. Renowned for its remarkable Roman Aqueduct, this symbol of the city is an impressive feat of civil engineering and continues to be one of the most beautiful urban sites in the world. One of the best examples of Segovian Romanesque art awaits you in Sotosalbos: the San Miguel Church. Inside this fantastic church are beautiful frescoes and a sculpture of Our Lady of the Sierra. Even more ancient architecture awaits you on the ride from Sotosalbos to Pedraza. You will be transported back in time gazing upon the Pedraza Castle, dating back to the 13th century! A highlight of this Spain cycle tour is Duratón Canyon Nature Reserve. The powerful forces of the River Duratón have excavated deep gorges in these limestone lands, and a great number of large birds call this place home.

This bike tour begins in the monumental city of Segovia. Declared a World Heritage Site in 1985, you will spend the first night and have a chance to visit its many historic jewels like the towering Roman Aqueduct, the veritable marvel of ancient civil engineering which still provided water to the city only last century. Take time to enjoy a chilled glass of wine in the exquisite 'Plaza Mayor' while contemplating the magnificent cathedral, then take a stroll to the fairytale, ornate Alcazar, where Queen Isabel sent Christopher Columbus on his exploration of the Americas.

Day 2: Segovia to Collado Hermoso 45 km + 614 m
