**Croatia – Multi Adventure Cruise of Southern Dalmatia 2023**  
**Guided or Individual Self-Guided**  
**8 days / 7 nights**

This multi adventure cruise in South Dalmatia is particularly well suited for families. Spend a week on a charming motor vessel that takes you from island to island, sparing you the nuisance of packing suitcases and searching for accommodations. Along with overnights in ports, we also spend some nights in quiet bays. Decide each day anew whether you would like to go on a bike trip or on a hiking tour, go rafting or rather stroll leisurely through the unique small harbor towns of the Adriatic - or simply spend the day relaxing on board. This is indeed a pleasant way of exploring southern Dalmatia, possibly Croatia's most attractive landscape. Through little stories and legends and through the country's cultural treasures - most of which are protected by UNESCO's World Heritage program - we get in touch with Croatia's eventful history. This interesting tour is rounded off by the wonderful opportunity of jumping directly off the ship into the sea for a swim. Depending on wind and weather we reserve the rights to run this tour in reverse.

### Itinerary Day to Day

#### **Day 1: Trogir (Embarkation) – Island of Vis**

Individual arrival by car to Trogir or by plane to Split airport, which is about 6 km away from the harbour of Trogir. After check in on the motor yacht (at around 2:30 pm) the first cruise starts around 3 pm from Trogir to the Island of Vis. On the way we have the opportunity to take a refreshing swim from the boat. The first night is spent on the Island of Vis.

#### **Day 2: Islands of Vis 10 km by bike**

In the morning we can take part on an adventurous bike tour which takes us past the old military tunnels that crisscross the island, on our way to the fortress of St. George which played a significant role in the seafaring history of the island. Once back at the boat we cruise towards the island of Hvar and find a beautiful bay to anchor in for a long swimming break and for a peaceful night under the stars.

#### **Day 3: Island Hvar**

We go on a morning crossing to Hvar Island with its island capital Hvar town. After arrival we take a city tour across the large Renaissance Square which is surrounded by the cathedral and many late gothic palaces. We are able to hike to the Spanish fortress that towers above the town. From here we have a fabulous view onto the city and the surrounding islands. With lunch on board, we cast off from Hvar and anchor in the Pakleni Islands for a lengthy swim stop. In the afternoon we lift the anchor and cruise to the city of Stari Grad on the island of Hvar, where we will spend the night.

#### **Day 4: Island of Hvar and Brač 13 km OR 25 km by bike**

In the morning we cruise to the famous 'Golden Horn' Beach in Bol on the island of Brač where the ship lowers its anchor for the morning. Here we can choose between a variety of activities both in the water and on land (not included in the tour price) or just enjoy the summer morning swimming and chilling on deck. During lunch on board, we cruise to the town of Jelsa on the island of Hvar where we can enjoy a bike tour along the beautiful seafront promenade through Vrboska, past the UNESCO Stari Grad Plains. Decide for yourself if you wish to do a longer or shorter version of the cycle tour. Enjoy the evening on board with a captains dinner and celebrate a successful day!
