**Croatia - National Parks of Dalmatia by Bike and Boat Tour (2021-2022)**  
**Guided or Individual Self-Guided**  
**8 days / 7 nights**

Croatia has a beautiful coast with thousands of islands, reefs and bays. Numerous romantic ruins, charming hills, countless natural beauties and phenomena are waiting to be discovered. On one of our easiest tours, we invite you to spend a week on a ship cruising between the mainland and the islands. Good cuisine, a friendly crew and knowledgeable tour guides are expecting you. We visit two National Parks and the islands of Central Dalmatia, starting from Trogir. Highlights include UNESCO protected old town of Trogir, Primošten, Šibenik with its famous cathedral, Zadar, National Park Krka waterfalls and Kornati Islands. On a romantic motor yacht, our floating accommodation, we discover the charm of the Adriatic in our own special way.

### Itinerary Day to Day

#### **Day 1: Trogir arrival – Rogoznica**

Individual arrival either by car to Trogir or by plane to Split. After checking in on the motor yacht between 2 and 2:30 pm at Trogir our first cruise starts at 3 pm leading us to Rogoznica - a village on a small island which is connected to the mainland by a dam. Here we also spend our first night.

#### **Day 2: Rogoznica - Primošten - Šibenik - Skradin 20 km**

In the morning we cycle from Rogoznica to Primošten. From there the boat takes us to the city of Šibenik to the spot where the Krka River flows into the Adriatic Sea. After visiting the famous cathedral and the lovely old town we set off again. On the cruise we pass the lower course of the river Krka following the river bend until we reach Skradin. In the port of the village we spend our night.

#### **Day 3: National Park of Krka - Vodice 20 km**

The magnificent port of Skradin is today's starting point for our excursion by boat and on foot to the most famous part of the Krka National Park with its unique waterfalls. In the early afternoon our boat takes us to the harbor of Vodice, a well-known holiday town on the Dalmatian mainland. From here we mount the bicycles again for a round trip.

#### **Day 4: Vodice - Island of Murter - Nature Park Telašćica 27 km**

In the morning we cycle from Vodice to Murter Island that is connected to the mainland by the lift bridge at Tisno. We pass the bridge and cycle along the water front, passing by two very old coastal villages, until we reach a small landing place from where the boat takes us on a cruise through the National Park Kornati, an archipelago in crystal clear water which is known for its rich aquatic realm. Our destination is the Nature Park Telašćica. In the evening a walk through the park leads us along the stunning cliffs of the island. The famous Silver Lake - known by movies of Winnetou - is also located in the Nature Park. Overnight stay on the Island of Dugi Otok.

**OK CYCLE &  
ADVENTURE  
TOURS** SINCE 1995

**Day 5: Island of Dugi Otok – Zadar 25 km**

After breakfast and a short crossing to Sali, today's cycling tour leads us along a virtually traffic free and panoramic road. We ride across the whole island. During the ride we're treated to countless unforgettable vistas of the islands in the deep blue sea. We meet our ship for a crossing to Zadar, which, for centuries, was the political, cultural and spiritual center of Dalmatia. Our tour guide takes us on an extensive walk through the lanes of the lively old center. 3,000 years of history have left their imprint on the character of this town and there are many things to be admired: the mighty fortified walls with their bastions, the loggia but also the early Romanesque St. Donatus Basilica.

**Day 6: Islands of Ugljan and Pašman – Island of Zlarin 33 km**

During breakfast the boat crosses to the island of Ugljan at the channel of Zadar. Today we have a lot of time to explore both of the islands Ugljan and Pašman by bicycle. They have been connected by a bridge. We cycle along the East Coast, always with beautiful views to the mainland and the ocean. Afterwards our boat cruises to the coral island of Zlarin.

**Day 7: Island of Solta – Trogir 15 km**

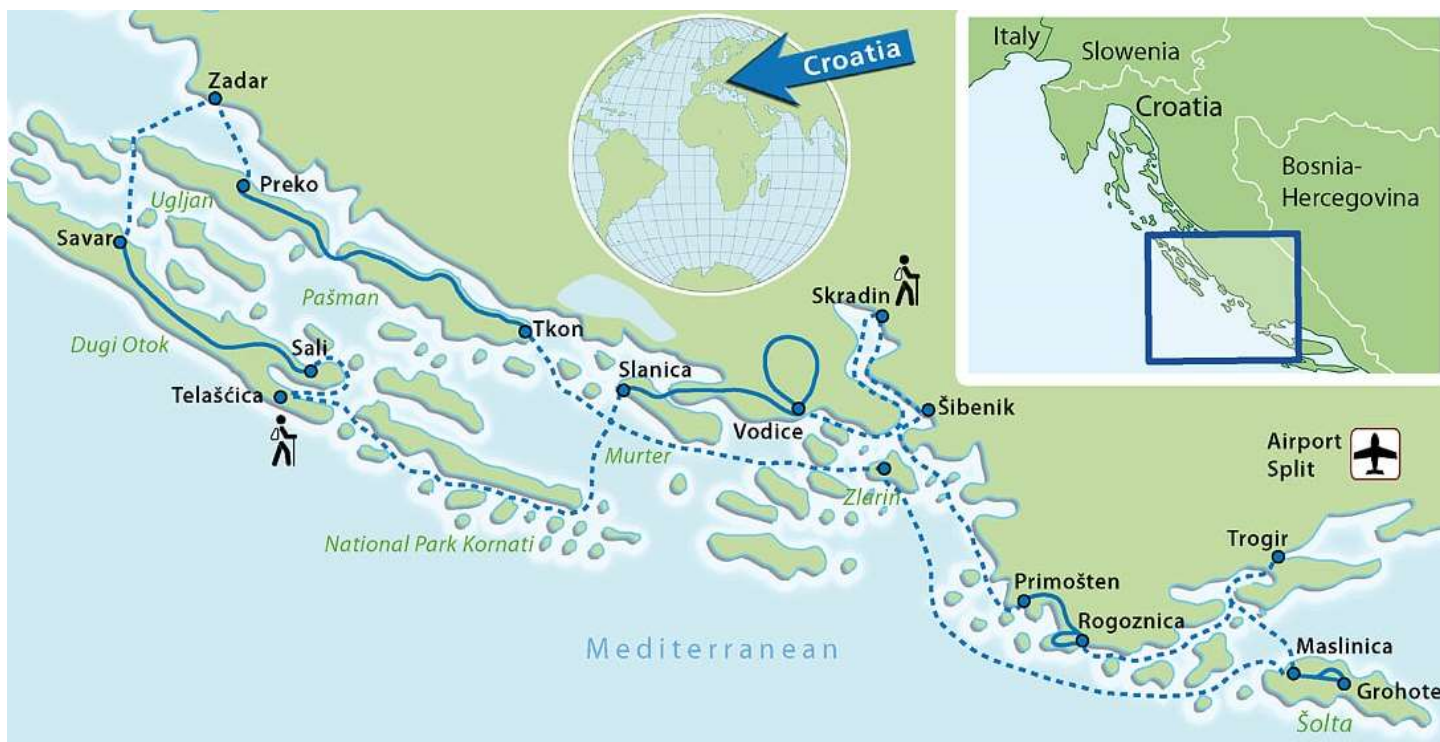

In the morning our motor yacht takes us to the island of Solta. Olive and fig trees and farmland surround the streets. The spicy smell of lavender and rosemary will follow us throughout the whole tour around the silent island until we reach the village Grohote. During mid-day our last cruise takes us back to Trogir. Here we have enough time to visit the world cultural heritage old town. After dinner it is time to say good bye to crew and travel guides.

**Day 8: Trogir departure**

After breakfast disembarkation until 9 am and individual trip home or extended stay in Croatia.

### Route

### Technical Characteristics:

**Route Profile:** Relatively Easy. The bike routes require a basic level of fitness, which you should have acquired by occasional or daily cycling. The routes can reach an altitude of 100 – 300 meters. The daily routes, of 15 to 35 km, cover hilly terrain and can be completed without time constraints. You will also come across some rather steep climbs, where walking your bike is of course permitted. The roads are mostly asphalted and there is little traffic outside of holiday periods. This tour is primarily a guided group tour. Upon consultation with your tour guides, the possibility to cycle on your own along recommended, suitable routes, may present itself. You are free to set aside a half or full day to swim or spend on board the boat, instead of taking a planned bicycle-tour. Helmets use is mandatory on all cycling tours. You are strongly encouraged to bring your own well-fitted helmet. Rental helmets are available on board in limited number (on request).

**Distance:** 140 km

**Ship KAPETAN JURE (Comfort)**

At 27 x 7 m the Kapetan Jure built in 2000, counts as one of the smallest ships of our Croatian fleet. With an impressive 100 navigated tours she entered the history book. The fine detail etched into the wooden ship mirrors the seafaring aft section of its captain. The spacious salon is decorated with shells, amphorae and showcases full of sailor's knots. At the bow a mermaid keeps watch for the safe navigation of the ship. The Kapetan Jure provides 15 cozy guest cabins each with air conditioning, shower and WC. A spacious living room suite on the quarterdeck and a sundeck with cushioned sleeping mats play a part in contributing to the welcoming atmosphere.

**Ship ROMANTICA (Premium)**

At 32 x 7.6 m the Romantica was launched in 2007 and is a shapely two mast motor sailor which combines seafarer romance with the spirit of the age, style and comfort. One of the most important things for the captain is the smart appearance of his ship. Both salon and exterior have upscale facilities with a lot of fine details: the salon tables are decorated with noble intarsia, the corresponding benches are covered with precious, sun yellow leather. The large sundeck on the Romantica offers plenty of space to settle back and enjoy the sun. The 16 guest cabins are spacious and air conditioned including shower and WC.

**OK CYCLE &  
ADVENTURE  
TOURS** SINCE 1995

**Ship SAN SNOVA (Premium)**

The wooden motor cruiser San Snova, 31 x 8 meters in size, took to the water in 2009. This magnificent construction took shape over the course of three years and sets a milestone in the boat building scene in Croatia as it is the last wooden boat of its kind to be built. The 14 guest's cabins are welcoming and equipped with air conditioning and a private shower/WC. The salon and its wooden finish provides a comfortable and friendly atmosphere, supported by the many seating arrangements on deck as well as the possibility to lie comfortably on the sun deck. The crew on board pay special attention to cleanliness and maintenance on board and radiate a friendly and inviting atmosphere to the guests on board.
