Croatia - Southern Dalmatia by Bike and Boat Tour 2021-2022
Guided or Individual Self-Guided
8 days / 7 nights

This boat and bike tour through Southern Dalmatia will take us past unique little towns and through the beautiful island world. Experience the islands of Brač, Korčula und Šolta as well as the beautiful lavender island of Hvar. Stroll around Hvar town with its mighty fortress and enjoy the relaxed atmosphere in the artist's town of Stari Grad. The UNESCO world heritage cities of Trogir and Split will add to the highlights on this tour and inspire with their incredible history. Try a variation of local specialties on your journey, especially the local wines also referred to locally as 'gods drop'.

ADVENTURE
TOURS** SINCE 1995

Itinerary Day to Day

Day 1: Trogir arrival – Split

Individual arrival by car to Trogir or by plane to Split airport, which is about 5 km away from the harbor of Trogir. After check in on the motor yacht between 2:00 and 2:30 pm the first short cruise starts about 3:00 pm from Trogir to Split. The old town of Split, built into the famous palace of the Roman Caesar Diocletian, is listed as a world heritage site. Overnight stay in Split.

Day 2: Island Hvar 20 km

In the morning cross over to the lovely natural harbour of Stari Grad on the island of Hvar. Our afternoon cycling tour on the Island of Hvar leads us through the quaint harbor towns of Jelsa and Vrboska. We start off through the vineyards on the famous 'Stari Grad Plains' and continue along a picturesque coastal road through the town of Vrboska, a.k.a. 'small Venice' to the harbor town of Jelsa. Afterwards we return to Stari Grad for our overnight stay.

Day 3: Islands Hvar and Korčula 22 km

Today we ride once across the length of the island. Today's tour leads us along the almost traffic free pass road through nicely set small villages to the islands capital, Hvar, where we visit the magnificent Renaissance Square and enjoy the view from the Spanish Fortress, situated high above the city. After today's tour the boat takes us to the Island of Korčula. Overnight stay in Vela Luka.

Day 4: Korčula Island 37 km

Today we discover the island of Korčula by bicycle. The calmness and remoteness of the vast vegetation and cypress gardens have given the shape to the probably most beautiful Dalmatian island. Our cycle tour leads us via the village of Blato, like Rome build on seven hills, and on to the harbour of Prigradica. The boat awaits our arrival at lunch and we set off for Makarska. If the weather permits we will organize a swim stop in a nice bay. The evening

can be enjoyed along the famous Makarska Riviera.

**OK CYCLE &
ADVENTURE
TOURS** SINCE 1995

Day 5: Makarska – Omiš 44 km

A short boat crossing during breakfast to Omiš. Today you have the choice between taking part on a bike tour around the Cetina Canyon or participating on a rafting excursion down the Cetina River (not included in the tour price). The bike tour takes you once around the outskirts of the canyon with great views over the river and back down towards the sea. The rafting group will be picked up from the boat by a bus and are taken up river to the starting point. From here we follow the river downstream in the rafts gaining a unique perspective of the canyon and its flora and fauna. Participants of the rafting trip are brought back to the boat in the bus after the activity. In the afternoon we have time to explore Omiš or to go for a swim at the nearby beach. The night is spent in Omiš

Day 6: Islands Brač and Šolta 32 km

Today we cruise to the island of Brač, which is famous for its radiant, precious limestone that was, among others, used for the White House in Washington or the Reichstag building in Berlin. From the picturesque harbor town of Pučišća, home to one of the most famous masonry schools in Croatia, our bike tour takes us to the neighboring town of Postira. From here, we board the boat and cruise to the island of Šolta. Here we can take part on a 4.5 km hike with a visit to the local beekeeper Goran along the way. Goran has worked with bees his whole life and they are his true passion. He teaches of their importance in the world and allows all of his guests to try the delicious bee products that he makes. We spend the night in the harbor of Rogač on Šolta.

Day 7: Šolta Island - Trogir 20 km

On Šolta we commence our last bike tour. Walled fields, numerous olive groves, locust bean and fig trees line the roads. The herbal scent of rosemary accompanies us along our tour across the island. After a round tour of the island, we return to the ship. We board and enjoy the last crossing to Trogir past the cliffs of the Čiovo peninsula. There is still plenty of time to visit the Old Town of Trogir, listed as a World Cultural Heritage site. The last evening aboard our ship is celebrated in traditional fashion. While enjoying the communal dinner in a celebrative atmosphere we will have the chance for a last get-together with our crew and tour guides.

Day 8: Trogir departure

After breakfast disembarkation until 9 am and individual trip home or extended stay in Dalmatia/Croatia.

Route

Technical Characteristics:

Route Profile: Average. The cycle tours require a basic level of fitness from participants, which they should have acquired from steady cycling. The tours will take us up to a height of 200 to 650 m above sea level. The day tours from 20 to 60 km will take us through hilly and mountainous terrain and will be completed without any time constraints. Participants will also need to master long and steep climbs, during which they are, however, also permitted to push their bicycles. We traverse mostly asphalted roads, which are rarely traveled on outside the holiday seasons. You are free to set aside a half or full day to swim or spend on board the boat, instead of taking a planned cycle tour. Each day you can either decide to cycle alone, using the information and maps provided, or join one of our tour guides or other participants. Helmet use is mandatory and you are strongly encouraged to bring your own (well-fitted) helmet. Rental helmets are available in limited numbers (reservation requested).

Distance: 220 km

Ship KAPETAN JURE (Comfort)

At 27 x 7 m the Kapetan Jure built in 2000, counts as one of the smallest ships of our Croatian fleet. With an impressive 100 navigated tours she entered the history book. The fine detail etched into the wooden ship mirrors the seafaring aft section of its captain. The spacious salon is decorated with shells, amphorae and showcases full of sailor's knots. At the bow a mermaid keeps watch for the safe navigation of the ship. The Kapetan Jure provides 15 cozy guest cabins each with air conditioning, shower and WC. A spacious living room suite on the quarterdeck and a sundeck with cushioned sleeping mats play a part in contributing to the welcoming atmosphere.

Ship ROMANTICA (Premium)

At 32 x 7.6 m the Romantica was launched in 2007 and is a shapely two mast motor sailor which combines seafarer romance with the spirit of the age, style and comfort. One of the most important things for the captain is the smart appearance of his ship. Both salon and exterior have upscale facilities with a lot of fine details: the salon tables are decorated with noble intarsia, the corresponding benches are covered with precious, sun yellow leather. The large sundeck on the Romantica offers plenty of space to settle back and enjoy the sun. The 16 guest cabins are spacious and air conditioned including shower and WC.

TOURS** SINCE 1995

Ship SAN SNOVA (Premium)

The wooden motor cruiser San Snova, 31 x 8 m in size, took to the water in 2009. This magnificent construction took shape over the course of three years and sets a milestone in the boat building scene in Croatia as it is the last wooden boat of its kind to be built.

The 14 guest's cabins are welcoming and equipped with air conditioning and a private shower/WC. The salon and its wooden finish provides a comfortable and friendly atmosphere, supported by the many seating arrangements on deck as well as the possibility to lie comfortably on the sun deck. The crew on board pay special attention to cleanliness and maintenance on board and radiate a friendly and inviting atmosphere to the guests on board.
