### **Itinerary Day to Day**

#### **Day 1 Karlovy Vary (Karlsbad) - Optional transfer from Prague-not included in tour price**

Arrival to the town of Karlovy Vary (Carlsbad), founded by the emperor Charles IV. in the 14th century. It is the biggest spa in the Czech Republic, having 12 healing springs. Actually 13 – the last is the famous Becherovka herbal liqueur. Also known for its china and promenade of beautiful architecture and luxury shops, we do suggest a full day to explore this noble town, still an oasis for some of the world's richest people. On request we offer a transfer from Prague (130km) by car or van.

#### **Day 2 Karlovy Vary UNESCO loop**

**Distance: 30-70 km / 19-44 Miles**

In the morning you will take a local train for a short ride all the way up to the Krušné Hory/Ore mountains. This old mining/mountaineering area is now under the UNESCO world heritage protection thanks to all the mining and mining related history starting from the 16<sup>th</sup> century silver mines all the way to 20<sup>th</sup> century uranium mines. All this situated in a great scenery of Ore mountains and its foothills.

On the way back to Karlovy Vary, mostly downhill ☺, you will bike by Mauricius silver mine, Jáchymov town - in the time of silver rush second largest town of the Czech kingdom, in the 20<sup>th</sup> century known for luxury radium healing spring & Spa. If you are interested in 20<sup>th</sup> century history, still in Jáchymov you should not miss in its time highly valued uranium mines and connected labor camps for communistic political prisoners. Nearby Ostrov town is known for its wonderful chateau and French style chateau park but also for so called SoReLa – socialistic realism architecture – one of the best examples in the Czech republic. You will end your day back in Karlovy Vary.

As we stay in Carlsbad for 2 nights, in case of bad weather we have an alternative shorter bike ride or you can simply enjoy spa treatments all day in Karlovy Vary!

#### **Day 3 Along Ohře river to Františkovy Lázně Distance: 62 Km/ 38 Miles**

Description of the day: We'll start from Karlovy Vary and bike through the amazingly beautiful Ohře river valley nature. Our day leads us along a newly built cycling trail through the Slavkov Forest nature preserve and the stunning Svatosské Skály rock formations. Following the river we arrive in Loket with

its stunning 14th-century castle. Next stop is the town Sokolov with a nice chateau and town centre originating in the 13th century. Refreshments abound along the route, but the Kynsperk brewery or the coffee Mostov's small chateau are highlights. Today's last stop and our overnight stay is the spa town of Frantiskovy Lazne (Franzesbad), a 19th-century spa town built by the emperor Franz I. This regal town still maintains the atmosphere of the golden age of spas. Immerse yourself and enjoy the waters after a long biking day!

**Day 4 Frantiskovy Lazne Spa and Iron Curtain trails loop Distance: 15 – 60 Km / 10-37 Miles**

Description of the day: Today's program is quite flexible as we stay here for 2 nights, so those more interested in the spa can relax the whole day and enjoy the treatments!

For those who decide for a bike treatment, we can recommend loops up to 70 Km. For centuries this area stood as the border between the Holy Roman Empire and the Czech kingdom. Thanks to this fact, our day's ride will be full of castles, fortresses, and chateaux, many accurately restored so the whole trip looks like a journey through "Old Europe" - which it is! Part of the day will also trace the borders of the Iron Curtain, a reminder of the Cold War. Should you desire, a short trip to Germany reveals the recently restored Hohenberg castle, where the German people expelled from Czechoslovakia after World War II have their cultural centre.

**Day 5 Frantiskovy Lazne - Marianske Lazne Distance: 50 Km / 31 Miles**

Description of the day: Just a couple of kilometres from Frantiskovy Lazne we reach the town of Cheb. For centuries this town was the gate between the Holy Roman Empire and Czech kingdom. This beautiful town is without doubt the most "German" place in the Czech Republic, highlighted by the 13th-century merchant house, "Špalíček," and the imperial castle, unique in the Czech Republic. It was the favorite residency of the emperor Friedrich Barbarossa and contains a striking Romanesque chapel. From Cheb we bike on car-free roads through small villages that attest to the centuries-old influence of the German people. On the way we visit a Marian Loretto pilgrimage church and a chateau in Stary Hroznatov. The last stop on the way is the opulent chateau Kynzvalt, built by Counselor Clemmens Metternich in the 19th-century as his representative seat. Today its architecture makes an elegant café stop. Just a few kilometers on, we reach our final stop of the day – the spa town of Marianske Lazne. Take time to soak those muscles in the spas' healing waters.

**Day 6 Marianske Lazne - Bečov nad Teplou -  
Mariánské Lázně Distance: 55 Km / 34 Miles**

Description of the day: In the morning we have to climb a hill, or we can take the ski lift! Once on top, we bike along small roads to the Tepla monastery dating back to 12th century. We can admire the monastery church and particularly the library with some 80 000 books from all eras. From here on we bike through the mild forests and meadows of the Slavkovsky Forest area to the town of Becov nad

Teplou, its chateau the hiding place of the famous St. Maura reliquary. It is one of the most important and valuable historical items of the country and of all Middle Ages Europe! From Becov we can either take a train to Mariánské Lázně, or bike the remaining distance back.
